Complete Hardware Support • Fold / Flip / Phone / Tablet / Store

1. App Store & Launch Icons

Asset Type	Dimensions	Format	Design & Safe-Zone Rules
App Master Icon iOS App Store & Google Play	**1024 × 1024 px**	PNG (Opaque)	No alpha transparency. Center artwork inside 820×820 px circle to avoid store corner mask cuts.
Adaptive Foreground Android 8.0+ Icon Layer	**1024 × 1024 px**	PNG (Alpha)	Transparent background. Keep artwork within inner 680×680 px circle (outer 172 px margin gets dynamically masked).
Adaptive Background Android 8.0+ Icon Layer	**1024 × 1024 px**	PNG / Solid	Solid brand color (#28208C) or subtle branded geometric gradient.
Top Bar Header Logo Rendered at 40-50 dp height	**1024 × 1024 px** (Min: 512×512)	PNG (Alpha)	1:1 Square transparent PNG. Crisp vector silhouette with ~5% margin.

2. Foldable & Flip Phone Display Specifications

Device Screen State	Dimensions	Ratio	Hardware Examples & Guidance
Fold Outer Cover Screen Fold Closed Ultra-tall narrow form factor	**1080 × 2520 px** (or 904 × 2316)	21:9 to 23:9	Samsung Galaxy Z Fold 4/5/6, Google Pixel Fold (Cover), OnePlus Open (Cover).
Fold Inner Main Screen Fold Open Tablet-like square canvas	**2176 × 1812 px** (or 2208 × 1768)	~1.2:1 (6:5)	Galaxy Z Fold 5/6, Pixel Fold, OnePlus Open unfolded. Massive square viewing area.
Flip Inner Main Screen Flip Open Ultra-tall cinematic display	**1080 × 2640 px**	22:9	Samsung Galaxy Z Flip 4/5/6, Motorola Razr 40/50 Ultra. Long vertical scroll layout.
Flip Outer Flex Window Flip Cover External cover preview screen	**720 × 748 px** (or 1056 × 1066)	~1:1 (Square)	Galaxy Z Flip 5/6 (3.4-inch Flex Window), Moto Razr Ultra external screen widgets.

FOLD & FLIP DESIGN SAFE ZONE: For Fold & Flip screens, keep primary typography, logos, and critical messaging centered inside a **700 × 700 px** safe square. The background illustration must extend fully edge-to-edge so transitioning between folded (closed) and unfolded (open) states remains perfectly seamless without jarring content jumps.
